RE: COSTS IN CIVIL SUIT NO.019 OF 2015 AND OTHER APPLICATIONS ARISING THEREFROM.

The above matter refers wherein we represent **HRH YOSAM ODUR EBII** the Won **Nyaci Me Lango;**

We have got wind of your letters dated 18th May 2020 ref. 2380/2381/2382/2454/2509/5/2020 purportedly addressed to our client and a one Mr. Bonny Rwamukanga with instructions to reply as hereunder.

The contents therein are outrageous, absurd, contemptuous, full of falsehoods, misleading and your only intention is to cause anxiety and unrest among the people of Lango which is conduct un becoming of an officer of Court.

We have noted that this letter was filed in the Court Registry at Lira before being served on us and our client which is evidence of acting secretively and in bad faith on your part.

Court by Orders vide H.C.M.A NO.030 OF 2017 while issuing an injunction against the errant activities of your client recognized our HRH YOSAM ODUR EBII as the Won Nyaci of Lango a fact that has not changed to date.

ORIGINAL COPY

Court dismissed H.C.C.S NO.019 of 2017 on issues prosecution thereof and **did not** make any orders and and/or declare your client Eng.Dr.Micheal Moses Odongo Okune as a Traditional or cultural leader of Lango or at all and it is surprising that you import and impose such declarations to orders of Court.

Your client subsequently filed an application for consequential orders seeking Court to declare him a traditional leader. You and your client frustrated the hearing of the same application by petitioning the Hon. Principal Judge and demanding that the presiding Judge recuses himself which he did.

Take notice that traditional and cultural leaders are not made in Courts of Law. It is therefore surprising that you intentionally continue to misadvise your client and mislead the public and the people of Lango that your client was declared their leader whereas not.

It is well within your knowledge that there has been no taxation proceedings at all in this matter yet you and your client continue to appear on radio stations claiming outrageous awards of costs an act that offends the subjudice rule and intended to incite and cause anxiety among the people of Lango.

The people of Lango and the Government of the Republic of Uganda have rejected and made it clear that your client is not a traditional leader in Lango yet you continue to illegally claim the same.

This is therefore to demand that you immediately desist from such actions and concentrate on prosecuting your matters pending before Court.

You should also desist from writing to our client outrageous letters or any communication when you know his lawyers.

By copy of this letter, we request the Hon. Principal Judge to prevail over your continued abuse of Court process and unprofessional maneuvers.

We also invite local leaders in Lango sub region to prevail over your actions and incitements to protect the people of Lango.

Find attached Court orders for ease of reference.

Yours sincerely;

.....
