[Under Article 137 (3)(a) (b) of the Constitution of the Republic of Uganda 1995 and Rules 3(1), (2)(a)(b) of Constitutional Court [Petitions and References] Rules, SI 91/2005]

THE HUMBLE PETITION of OBBO OLOGE GIDEON, EPAJU PIUS, AHIMBISIBWE ASIIMWE DAVID, ETUKET DAVID, BETTY KASIMBAZI, ORODRIYO JESCA, of C/O M/s Mwesigwa Rukutana & Co. Advocates MR Chambers Level 2&3 Najjanakumbi Entebbe Road Plot 960/961 Box 10087 Kampala and M/s Kasirye Byaruhanga & Co. Advocates Plot 33, Clement Hill Road off Nile Avenue P.O Box 10946 Kampala, Uganda showeth as follows:

1. That your Petitioners are adult Ugandan citizens of sound mind and retired Public Officers who served the Government of the Republic of Uganda in various public service capacities.
2. That your 1st Petitioner was initially appointed in 1976 as an Administrative Officer Class II/Assistant Secretary. At the time of his retirement in 2011, he was serving as Under Secretary in the Ministry of Local Government. **Copies of his Appointment Letters are hereto attached and collectively marked "A"**
3. That your 2nd Petitioner was first appointed in the Public Service in 1984 as a Township Officer. In 2010, he was promoted to Deputy Chief Administrative Officer and transferred from Pallisa Town Council to the Central Government, and he retired in 2018 as the Chief Administrative Officer. **Copies of his Appointment Letter and Certificate of Service are hereto attached and collectively marked "B"**
4. That your 3rd Petitioner was appointed in 1989 as the Cadet Assistant Superintendent of Prisons and, by the time of retirement in 2023, he was serving as the Assistant Commissioner General Prisons. **Copies of his Appointment Letters and Certificate of Service are hereto attached and collectively marked "C"**
5. That your 4th Petitioner was appointed as Foreign Service Officer Grade VI in 1983, rose through the ranks and in 2009 appointed as Director for International Cooperation, which position he served in until his retirement in 2017. **A copy of the appointment letter is attached hereto and marked "D"**
6. That the 5th Petitioner was appointed to the Public Service as an Administrative Officer, Class II/Assistant Secretary in 1984, and progressively rose through the ranks to the position of Under

Secretary/Accounting Officer in the Ministry of Finance, Planning and Economic Development, a position she diligently served in until her retirement on the 29th day of September, 2020. **Copies of her Appointment and Retirement Letters are hereto attached and collectively marked "BK"**

7. That the 6th Petitioner was appointed to the Public Service as an Assistant Superintendent of Police in 1988, rose through the ranks to the position of Assistant Inspector General of Police, which office she held for three (3) years until her retirement on the 3rd May, 2012. **Copies of her Appointment letters and letter for expiry of her contract are attached hereto and collectively marked "JO"**
8. That all your Petitioners are all retired public officers who served the Government of Uganda in various capacities, including but not limited to Local Government Administration, Central Government Ministries, and Statutory Bodies.
9. On retirement, your Petitioners are constitutionally entitled to a pension commensurate with their rank, salary, and length of service.
10. That the Government of Uganda, through Circular Standing Instruction (CSI) No. 1 of 2025, which came into force on 1st July 2025, effected salary enhancements for specific categories of public officers of Salary Scale UISE, namely Chief Administrative Officers, Directors, Commissioners, Undersecretaries, Senior Police and Prisons Officers of the ranks of Commissioners and above, Foreign Service Officers Grade I, and Town Clerks. **A copy of the said Circular is attached hereto and marked "E".**

11. That your Petitioners, being retired public officers who previously held positions within the categories specified in Circular Standing Instruction No. 1 of 2025, are entitled to a corresponding adjustment in their pensions to reflect the revised and enhanced salaries.
12. That despite the implementation of the said salary enhancements for serving officers, the pensions of your Petitioners, who held equivalent or similar ranks prior to retirement, have not been adjusted accordingly.
13. That on 22nd July 2025, the 2nd Petitioner on behalf of Local Government Pensioners, wrote to the Permanent Secretary, Ministry of Public Service, requesting for the adjustment of their pensions to reflect the new salaries for the Financial Year 2025/2026. **A copy of the said letter is hereto attached and marked "F"**
14. That on 31st July 2025, Retired Foreign Service Officers Grade I, through the Association of Ugandan Retired Foreign Service Officers, submitted a petition to the Permanent Secretary, Ministry of Public Service, requesting for the adjustment of their pensions in line with the enhanced salaries. **A copy of the said Petition is hereto attached and marked "G"**
15. That on 6th August 2025, the Chairperson of retired Directors, Commissioners and Undersecretaries, similarly wrote to the Permanent Secretary Ministry of Public Service requesting for an appropriate increment of their pensions in line with the revised salaries introduced under Circular Standing Instruction No. 1 of 2025. **A copy of the said letter is attached hereto and marked "H"**
16. That on 25th August 2025, Retired Uganda Police Officers Association limited, and Uganda Prisons Retired Officers Association also petitioned the Permanent Secretary, Ministry of Public Service

seeking for an appropriate increment of pensions. **A copy of the said letter is hereto attached and marked "I"**

17. That despite the aforementioned pleas to the Permanent Secretary, the Petitioners' pensions have not been adjusted, in line with the Circular Standing Instruction No. 1 of 2025.
18. That previously, by a letter dated 29th November 2019, the Permanent Secretary, Ministry of Public Service, wrote to the Chairperson of Kampala Pensioners Cooperative Society Ltd in regard to implementation of Statutory Instrument No. 33 of 2018. She stated that the said instrument introduced indexation based solely on inflation, and not wage indexation. **A copy of the said letter is attached hereto and marked "J"**
19. That however, by a letter dated 19th August 2020, the Attorney General wrote to the Chairperson, Kampala Pensioners Cooperatives Limited and clarified on the effect of certain provisions of the Pensions Act and Regulations. In the said letter, the Attorney General affirmed that Regulation 5 (Now Regulation 7) and Article 254(1) are in tandem and were intended to take into account the salary enhancements. **A copy of the said letter is hereto attached and marked "K"**
20. That similarly, by a letter dated 2nd June 2023, the Deputy Solicitor General advised the Permanent Secretary, Ministry of Public Service that Regulation 5 of the Pensions Regulations and Article 254 (1) of the 1995 Constitution of Uganda were intended to cater for salary enhancements. **A copy of the said letter is attached hereto and marked "L"**
21. That later, by another letter dated 18th January 2024, the Attorney General advised the Permanent Secretary, Ministry of Public

Service, that Regulation 5 (now Regulation 7) of the Pensions Regulations in the First Schedule to the Pensions Act appears to contravene Article 254(2) of the Constitution and that its application might not necessarily result in adjustment of pension in line with changes in the value of money as required by Article 254(2). **A copy of the said letter is hereto attached and marked "M"**

22. That on 8th August 2025, the Permanent Secretary, Ministry of Public Service, responded to the letter by the 2nd Petitioner dated 22nd July 2025. In her response, she reiterated that pension is indexed solely to inflation (reflecting changes in the value of money) as provided under Article 254(2) of the Constitution and the Pensions Act. She further referred the 2nd Petitioner to the legal opinion from the Attorney General dated 18th January 2024. **A copy of the said letter is attached hereto and marked "O"**

23. That similarly, by a letter dated 9th September 2025, the Solicitor General wrote to the Chairman Kampala Pensioners Association and stated that pension can only be adjusted according to inflation as provided for under Article 254 of the Constitution. **A copy of the said letter is hereto attached and marked "P"**

24. That your Petitioners contend that the Government, through its implementation of Statutory Instrument No. 33 of 2018, now Regulation 5 and 6 of the Pensions Regulations, that introduced inflation based indexation, has adopted a narrow interpretation of Article 254(2), limiting periodic pension reviews solely to inflation, to the exclusion of other critical economic factors that determine changes in value of money such as changes in cost of living, purchasing power, exchange rate fluctuations, interest rates, economic performance, market/investor performance, GDP and

notably salary enhancements applicable to serving officers of equivalent rank.

25. That your Petitioners contend that such a restricted interpretation of Article 254(2) undermines its broader constitutional objective, to preserve the real value, adequacy and parity of pensions over time in response to economic realities. That the term "**changes in value of money**", as used in Article 254(2), is not synonymous with inflation alone. It is a composite of economic concepts that include multiple variables influencing how much a pension can actually purchase in real terms. They observe that a proper interpretation must be holistic to ensure flexibility in addressing retirees' financial needs in a dynamic economy.
26. That for instance, on 12th June 2025, while addressing the nation, the President of Uganda noted that in 1986, the national GDP stood at USD 3.9 Billion, and has since grown to USD 61 Billion by the exchange rate method and USD 174 Billion by the purchasing power parity method. The Petitioners contend that, this more than twentyfold increase in national economic output demonstrates a substantial change in the value of money and overall economic conditions. They further contend that such macroeconomic growth significantly influences cost of living, purchasing power, and financial expectations in retirement, factors that ought to be considered when reviewing pensions.
27. That your Petitioners further note that there is a historical precedent for automatic pension adjustments based on salary changes. In 1994, when Circular Standing Instruction No. 4 of 1994 was introduced, the Head of the Civil Service expressly stated that the automatic re-computation of pensions to cater for salary revisions and other related factors may occur at any time. It was further

stated that this approach was intended to resolve the problem of maintaining pension levels in line with the cost of living and to bring about parity in pension levels among different generations of pensioners. **A copy of the said instruction is attached hereto and marked "Q"**

28. That your Petitioners therefore contend the Government's narrow interpretation of Article 254(2) has created and continues to entrench unjustified disparities across generations of pensioners, whereby retired public officers of similar ranks receive significantly lower pensions than their counterparts who have retired after the 1st of July 2025, simply because the latter benefit from updated salary structures while the Petitioners' pensions remain stagnant.
29. That, for example, according to the Pension Payroll for October 2025, entries numbered 1983 and 1893 (the 3rd Petitioner) on the said payroll both retired from service while holding equivalent positions, namely, Commissioner of Prisons. However, despite holding the same rank, the latter, who retired earlier, receives a monthly pension of **UGX 1,006,790 (Uganda Shillings One Million Six Thousand Seven Hundred Ninety)**, whereas the former, who retired after 1st July 2025, receives **UGX 7,378,000 (Uganda Shillings Seven Million Three Hundred Seventy-Eight Thousand)**. **A copy of the said payroll is attached hereto and marked "R"**
30. That your Petitioners further contend that the current approach results in a two-tiered system of pension administration, where earlier retirees suffer reduced purchasing power and diminished living standards compared to newer retirees holding the same offices, despite equal or greater service to the nation.

31. That the failure to incorporate salary enhancements and other relevant factors into pension reviews under Article 254(2) contributes directly to this generational inequality, undermining the principles of equity, social justice, and fairness in the administration of pensions in the public service.
32. That your petitioners contend that the constitutional obligation to review pensions under Article 254(2) must therefore be interpreted in a manner that promotes parity across pension generations, to achieve a broader objective of ensuring that all retired officers enjoy dignified, adequate, and fair retirement benefits regardless of when they exited public service.
33. That your Petitioners therefore contend that Government's continued omission to review and adjust their pensions in accordance with prevailing salary enhancements is inconsistent with Article 254(2) of the Constitution of the Republic of Uganda.
34. That your Petitioners shall contend that pension rights and the right to a dignified livelihood in retirement are part of the broader constitutional guarantees under Articles 20, 21, and 45 of the Constitution, and any administrative action or regulation that undermines these rights is unconstitutional.
35. That the Petitioners shall rely on the principles of constitutional interpretation as laid down in various judicial decisions to contend that the Constitution must be given a broad, purposive interpretation that promotes its underlying values of social justice, human dignity, and equity

36. This Petition is supported by an affidavit sworn by the 1st Petitioner on behalf of all the Petitioners.

WHEREFORE, your Petitioners humbly pray that this Honorable Court be pleased to grant the following declarations and orders:

- a) A declaration that the exclusive interpretation of Article 254(2) to mean inflation-based reviews only is unconstitutional and contrary to the express language and intent of Article 254(2) of the Constitution.
- b) A declaration that the refusal or failure by the Government to consider salary enhancements and other relevant factors when reviewing pensions violates Articles 20, 21, 45 and 254(2) of the Constitution.
- c) A declaration that Regulations 5 and 6 of the Pensions Regulations are inconsistent with Article 254(2) of the Constitution in so far as they limit pensions periodic reviews to inflation only.
- d) A declaration that Circular Standing Instruction No. 1 of 2025, when implemented without corresponding pension adjustments for equivalent retired officers, is discriminatory and unconstitutional.
- e) An order directing the Pensions Authority to forthwith review and adjust the pensions of all affected Pensioners taking into account the salary enhancements for public officers in service and other relevant factors as envisaged under Article 254(2), with effect from 1st July 2025 or on an earlier date as this Honorable Court may deem fit.

- f) A declaration that all Pensioners are entitled to parity of treatment with public officers of equivalent rank retiring after 1st July, 2025 in respect of pension computation and periodic review.
- g) Costs of this Petition be awarded to the Petitioners.

Dear Madam,

*Received by

**REQUEST FOR APPROPRIATE INCREMENT OF PENSIONS OF
RETIRED CHIEF ADMINISTRATIVE OFFICERS/DIRECTORS,
COMMISSIONERS AND TOWN CLERKS BASED ON NEW SALARIES
OF SERVING OFFICERS F/Y 2025/2026**

On behalf of the retired Chief Administrative Officers/Directors, Commissioners and Town Clerks of Cities and Municipalities (the Local Government Pensioners), I have the honour to express our gratitude to you for your consistent support and guidance to the Public Service, as well as your commitment to improving the welfare of public officers.

The Local Government Pensioners humbly request you to cause a recomputation of their pensions based on the salaries of their colleagues as provided in **Circular Standing Instruction No.1 of 2025** issued by you Ref no.: **COM 006/135/01 VOL 1** dated **30th June 2025**. The salary increment for the above categories of officers was from Shs2,369,300/= to Shs12,750,000/= per month with effect from 1st July 2025. The current monthly pension for the Chief Administration Officer is an average of Shs.1,400,000/= (One million four hundred thousand shillings only) per month. Our request is in accordance with **Regulation 7 of the First Schedule to the Pensions Act, Cap 89**.

In his letter ref ADM 205/01 dated 19th August 2020, addressed to the Chairperson Kampala Pensioners Cooperative Limited, the learned Attorney General, expounded the rationale for the automatic increment of pensions in accordance with Regulation 5 of the First Schedule to the Pensions Act, Cap 286 (now Regulation 7 of the First Schedule to the Pensions Act, Cap 89).

The Attorney General referred to the Circular Standing Instruction (CSI) No.4 of 1994 REF: EC 9482 dated 14th April 1994 issued by the then Head of Civil Service Mr. David Martin Orech which explained, among others, the purpose and effect of the said Regulation (see copies of the Attorney General's letter and the CSI attached for ease of reference).

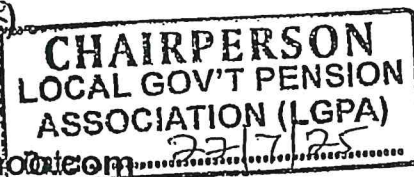

We have equally noted that the Government of the Republic of Uganda has over the years complied with the above laws and Circular Standing Instructions by implementing the fair and equitable policy and practice of automatic recomputation of pensions whenever there were increases in salaries of a given category of serving officers. The most recent examples are the pension increments of the retired Permanent Secretaries, Health Workers and Judicial Officers.

Given the above-mentioned legal provisions and the precedents of automatic recomputation of pensions whenever salary increases occurred, we implore you to extend similar treatment to us, otherwise there would be discrimination contrary to Article 21 of the 1995 Constitution of the Republic of Uganda. According to the attached list from the Ministry of Local Government the total number of the current retired Chief Administrative Officers and Town Clerks is 138 which is a relatively small number compared to the colleagues who are still in service. Moreover, pension is just a fraction of the salary. We therefore believe that the financial implications of the proposed increment in pensions is affordable to government.

We also seek audience with you at your earliest convenience to clarify further the issues herein and benefit from your wise counsel.

Yours respectfully,

IN THE MATTER OF A PETITION BY RETIRED FOREIGN SERVICE OFFICERS ("FSOs" GRADE 1)

[Submitted to the Ministry of Public Service of the Government of the Republic of Uganda in Support of their Quest for a Timely Re-Computation and Payment of Pension Dues in Accordance with the Principles of Fairness and Justice]

This Petition is presented by the Retired Foreign Service Officers ("FSOs" Grade 1), (hereinafter referred to as "Petitioners,") through their umbrella Association of Ugandan Retired Foreign Service Officers ("AURFSO"), duly registered by the Uganda Registration Services Bureau ("URSB") on 18th August, 2023 (Certificate No. 80034297608703) as a Private Company Limited by Guarantee without Share Capital. (See **Annex "A"** for List of Petitioners).

The Petitioners respectfully submit the following pertinent concerns for consideration:

1. Reference to Circular Standing Instruction No. 1 ("CSI No. 1") of 2025:

The Petitioners have reviewed CSI No. 1 of 2025 titled, "Salary Structure for Financial Year 2025/2026", issued by the Ministry of Public Service (Copy of Extract Attached as **Annex "B"**). This document outlines Salary adjustments for some categories of serving Public Officers, including for FSOs Grade 1 under Salary Scale U1SE, which has been set at UGX 12,750,000/= per month with effect from 1st July, 2025.

2. Advisory Opinion by Hon. Attorney General, under Letter to Permanent Secretary, Ministry of Public Service, Ref. ADM 7/177/01, dated 18th January, 2024:

The Petitioners are also aware about an Advisory Opinion by the Hon. Attorney General, addressed to the Permanent Secretary, Ministry of Public Service, under letter Ref. ADM 7/177/01, dated 18th January, 2024, regarding this subject matter (See **Annex "C"**).

It is the considered opinion of the Petitioners that the said Advisory Opinion was overtaken by the enactment of the Public Service Pension Fund Act, 2025, in April 2025; and consequential repeal of the Pensions Act – on which it was based; followed by the issuance of CSI No. 1 of 2025, on 30th June 2025.

interpretation of statutory

It is the Petitioners' further considered view that, although the Constitution, 1995, (as amended), makes separate provisions for salaries and pensions, there exists an unbreakable causal nexus between the two. A pension is not an arbitrary figure. As a starting point, it is dependent on the final salary earned by the retiree in the last month of duty in the public service, adjusted for the entire duration of service accomplished. Under the CSI No. 1 of 2025, salaries of all serving public officers, equivalent of FSOs Grade 1, have been enhanced and set at UGX 12,750,000/= (which reflects at least a 1,000% increment from their previous level).

CONSEQUENCES

The effect of the new salary increments on the pension receivable, after the 1st July, 2025, by new retiree FSOs Grade 1 and their equivalents is an exponential increase by the same factor of at least 1000%. Meanwhile, the Petitioners' pensions remain at the same much lower level (with 0% increment). This situation is partly attributable to misinterpretation of statutory provisions. This unconscionable disparity, in the view of the Petitioners, is unfair, inequitable and discriminatory. It is neither legally nor morally tenable. It is contrary to the Constitution, 1995, (as amended) and other relevant Laws of the land. In our considered opinion, any adjustment to salaries, such as made in the CSI No. 1 of 2025, ought to trigger a corresponding adjustment of pensions by the same factor, given that both are financed from the Consolidated Fund; and are bound by the same administrative, fiscal and legal frameworks; even if each component is managed under a separate pay-roll.

4. Commendable Practices in the wider Public Sector remunerations:

The enhancement of remunerations by Government is welcomed, including the said 1000% salary increment for FSOs Grade 1 and their equivalents, among others. Other commendable enhancements are evident in the: Judiciary, Office of the DPP, UPDF and JLOS sector. The absence of gender-based pay disparity across the board is similarly welcomed. These positive developments are recommended to be applied across the Service -- as a matter of urgency.

5. Pensions Reform and Inclusion Gaps:

While the new Public Service Pension Fund Act, 2025 (PSPF Act, 2025), is welcomed, in principle, its benefits largely exclude current retirees such as the FSOs Grade 1 hereof. Any legislative migration, such as from the repealed Pensions Act, Cap 286, to the new PSPF Act, 2025 ought to make adequate provisions for transitional costs which safeguard, in real time, the interests of the Pensioners, prior to the enactment of the PSPF Act, 2025, who are not covered by the new pension legislation.

illustrative to note that the

6. International Labour Laws, Standards and Human Rights Instruments:

Uganda's commitment to Regional and International Labour and Human Rights Instruments demands equitable treatment of the elderly and retired Public Servants; among others. Selective exclusion and related segregative practices are contradictory to these obligations that were voluntarily assumed and undertaken by Government of Uganda. It is illustrative to note that the mandate of the country's Equal Opportunities Commission (EOC) is on all-fours with this stance of the Petitioners.

2025
2025

7. Socio-Economic Inequality Risks:

The absence of a holistic, harmonised approach to the matter of public sector remunerations reinforces the aforementioned disparities; thus, contradicting Uganda's avowed advance towards an all-inclusive middle-income status that leaves no one behind.

8. Moral and Governance Implications:

Neglecting retired public officers' entitlements, their welfare and social protection needs, is akin to "kicking away the ladder" and negating their considerable, invaluable contribution to the development of the country.

9. Petitioners' Good Will:

The current appeal is made in good faith, in the national interest and with full confidence in the responsible officials' commitment to fairness and justice. The Petitioners refrain from citing herein, the available relevant legal provisions, and reserve the right to seek other available remedies under the Law, if necessary.

10. Prayer for Fairness, Justice and Equity:

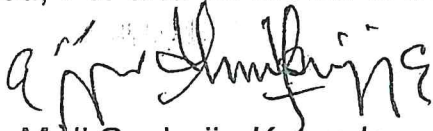

It is kosher, fair, just and equitable for the responsible officials to apply the rationale used in arriving at the new wage scales contained in CSI No. 1 of 2025 to re-compute and pay the resulting pensions to the Petitioners and other eligible public servants. Such accomplishment will align the country with its own Constitution and render it in compliance with its Regional and International Treaty obligations and standards.

REQUEST FOR AN APPROPRIATE INCREMENT OF PENSIONS OF RETIRED DIRECTORS, COMMISSIONERS AND UNDER SECRETARIES

We refer to Circular Standing Instruction No.1 of 2025 Ref: COM 006/135/01 Vol 1 dated 30th June 2025 in which Government enhanced the salaries of Directors, Commissioners and Under Secretaries, among others. We wish to applaud the Government for fulfilling its long-standing commitment to adequately remunerating her officers in accordance with their rank and status.

In view of the salary enhancement of the abovementioned officers, the retired Directors, Commissioners and Under Secretaries request you to effect a reasonable, appropriate and commensurate increment in their pension in accordance with the existing legal and policy framework detailed below:

1. Article 254 (1) of the 1995 constitution of the Republic of Uganda provides that a public officer shall on retirement receive such pension as is commensurate with his or her rank, salary and length of service. Regulation 7 of the First Schedule to the Pensions Act, Cap 89 provides a formula for recomputation of pensions whenever there is an increase in the salary of a given category of serving officers. The Government of the Republic of Uganda has for over 30 years (1st July, 1988 – 30th June, 2018) implemented this fair and equitable policy and practice of automatic recomputation of pensions whenever changes in salaries occurred. The most recent examples are the pension increment of the retired Permanent Secretaries, Health Workers and Judicial Officers.

2. In his letter ref ADM 205/01 dated 19th August 2020 the learned Attorney General elucidated the purpose and effect of Article 254 (1) and Regulation 5 (now Regulation 7 of the First Schedule to the Pensions Act, Cap 89) and correctly observed (at para 3 of page 3) that both the constitutional provision and the Regulation "*are in tandem and were intended to take into account the salary enhancements*". The learned Attorney General further referred to the contents of Circular Standing Instruction No.4 of 1994 issued by the then Head of Civil Service which provided the rationale for the automatic recomputation of pensions whenever changes in salary occur being, among others, "*to bring about parity in pension levels among different generations of pensioners*".
3. Please note that, letter Ref. ADM 7/177/01 dated 18th January, 2024 from the learned Attorney General in addition to the earlier letter Ref. ADM 2025/01 dated 19th August 2020 confirm that Regulation 5 formerly Statutory Instrument No. 6 of 1995 is not revoked or repealed and is still in the Statute Books. It is therefore, illegal and contrary to the Constitutional provisions for the Ministry of Public Service to stop recomputation of pension based on salary increments.
4. We are fortified by the above constitutional and legal provisions as well as the policy framework that the pursuit of our right to pension increment is just, fair and equitable. It would also be absurd for Government to solve the problem of disparity among salary levels and create another problem of disparities among pensioners who retire at the same rank and salary scale simply because some pensioners happen to be older than others. We were therefore greatly dismayed to learn that the current learned Attorney General recently issued a legal opinion suggesting that Regulation 5 (now Regulation 7) of the First Schedule to the Pensions Act, Cap 89 contravenes Article 254 (2) of the 1995 constitution. We trust that you will not make a decision based on this opinion because that would tantamount to usurping the powers of the Constitutional Court which are provided in Article 137 (1) of the Constitution.

In conclusion, we reiterate our gratitude to Government's commitment to improving the welfare of her citizens and strongly pray that our request to

enhance our pensions is considered favourably in accordance with the Constitution, the statutory provisions as well as the precedents referred to above.

Yours faithfully,

.....*Prisca Boonabantu*.....

Dear Madam,

**RE: JOINT REQUEST FOR AN APPROPRIATE INCREMENT OF PENSIONS OF
RETIRED UGANDA POLICE AND PRISONS OFFICERS**

1.0 INTRODUCTION

The Retired Uganda Police and Prisons Officers Associations, companies limited by guarantee, are the umbrella bodies for all the retired police and prisons officers of Uganda whose objects include promoting and safeguarding the welfare of the retired police officers. It is in this respect that the leadership of these two associations address you on the above subject matter.

pensioners in line with increases applied to the wages or salary of the pensioner's grade at retirement. Examples of pension increments in accordance with this policy include the enhancement of pensions of the retired Permanent Secretaries, Health Workers and Judicial Officers.

2.3 In a well-reasoned opinion contained in his letter ref ADM 205/01 dated 19th August 2020 the learned Attorney General elucidated the purpose and effect of Article 254 (1) as well as the historical context and purpose of Regulation 5 (now Regulation 7 of the First Schedule to the repealed Pensions Act, cap 89) and correctly observed (at para 3 of page 3) that both the Constitutional provision and the Regulation *"are in tandem and were intended to take into account the salary enhancements"*. The learned Attorney General further delved into the legislative history of Regulation 7. He in particular cited Circular Standing Instruction No.4 of 1994 issued by the then Head of Civil Service which provided the rationale for the automatic recomputation of pensions whenever changes in salary occur being, among others, *"to bring about parity in pension levels among different generations of pensioners"*. It should further be noted that the 'pay parity' principle accords very well with Article 21 of the Constitution.

2.4 We were, however, astounded to learn that the current learned Attorney General issued a legal opinion Ref. ADM 7/177/01 dated 18th January 2024 suggesting that Regulation 5 (now Regulation 7) of the First Schedule to the repealed Pensions Act, cap 89 contravenes Article 254 (2) of the 1995 Constitution. We respectfully disagree with the learned Attorney General because the said Regulation confers rights upon pensioners which accord very well with many constitutional provisions which the learned Attorney General chose to ignore. We have also been advised that there is a rebuttable presumption that every legislation is constitutional and the onus of rebutting this presumption rests on the person or persons challenging the constitutionality of such a legislation. Furthermore, under Article 137 (1) of the constitution, the powers of interpreting the constitution are vested in the Constitutional Court. Since the clear position of the law is that Regulation 7 of the First Schedule to the repealed Pensions Act, cap 89 is still in force, we do not see any legal impediment to implementing the 'pay parity' principle

and we entreat you to consider our case in line with the provisions of the same Regulation.

3.0 INTERNATIONAL LAW ON SOCIAL SECURITY

Principle 1 of the **UN Principles for Older Persons (1991)** states that “older persons should have access to adequate food, water, shelter, clothing, and income”. Principle 8 emphasizes that older persons must be afforded the “Ability to live in dignity and security”. The **Madrid International Plan of Action on Ageing (MIPPA) 2002** emphasizes that government must develop and strengthen social protection systems, including pensions, to eradicate poverty among older persons. The above provisions, though not binding, are highly persuasive and imply that the right to pension is equivalent to the right to life because many pensioners are for all or part of their lives, completely dependent on pension for survival.

4.0 MORAL AND ETHICAL GROUNDS FOR ENHANCING PENSION

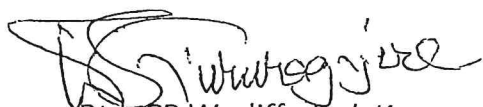

In addition to the above legal grounds, it is morally and ethically justifiable to enhance pensions in accordance with the ‘pay parity’ principle because it is just, fair and equitable to do so. Further justification of our request is rooted in the concept of intergenerational gratitude which is built on a recognition that the prosperity, opportunities, and institutions of the present day were made possible by the sacrifices and labour of past generations (the current pensioners). It is common knowledge that the retired police and prisons officers in this country worked diligently, under very difficult conditions while earning meagre salaries, to ensure that peace and security prevailed in all parts of Uganda. It is also true that security is a sine qua non for economic development and that during the decades of stability, the country’s economy has grown by leaps and bounds. It would therefore be morally reprehensible for any public officer to ignore the plight of the retired police and prisons officers whose sacrifice and labour contributed to the benefits such officers enjoy today.

Furthermore, it would also be absurd for government to solve the problem of disparity among salary levels and create another problem of disparities

among pensioners who retire at the same rank and salary scale simply because some pensioners happen to be older than others yet they all experience the same social economic circumstances.

In conclusion, we reiterate our gratitude to Government for its commitment to improving the welfare of her citizens and strongly pray that our request to enhance our pensions is considered favourably in accordance with the Constitution, the statutory provisions and Policy currently in force as well as the precedents referred to above.

UNCONSTITUTIONAL RESCINDING OF A PENSION PROVISION

Réference is made to your letter to the Hon. Attorney General on a number of issues, one of which is the Ministry of Public Service's non response to your previous correspondences.

The letters in question are dated 1st March 2019 and 24th April 2019 inquiring about implementation of Statutory Instrument No. 33 of 2018. The Ministry did discuss with you the reasons for the delays and informed you when the implementation was done in June 2019.

Regarding other issues raised to the Hon. Attorney General, the Ministry would like to clarify as follows:-

The amendments to the Pensions Act, Cap 281 through the Pension Amendment Statute, 1994 have been consolidated in the Pensions Act, Cap 286 which the service is implementing. These includes, the revised retirement age from 55 to 60 years, pension adjustment to take care of currency devaluation and covers the period from 1988 to December, 2001 and lastly the introduction of survivor's benefits. As you can see, the Statute did not introduce wage indexation.

The introduction of indexation based on inflation as provided under Statutory Instrument No. 33 of 2018 followed the due process and was in a bid to streamline pension management as part of the ongoing reforms. No one has lost income as a result of the changes. All pensioners benefited from the adjustment in FY 2018/19 as a result of the policy change.

I hope these explanations settle your concerns

UNCONSTITUTIONAL RESCINDING OF A PENSION PROVISION

Reference is made to your letter dated 17th October, 2019 on the above subject.

In your letter, you claim that regulation 4A of the Pension Regulations was repealed and that its repeal is unconstitutional. I have studied the matter and advise as follows-

- (1) The Pensions Act Cap.286 provides for the grant and regulation of pensions, gratuities and other allowances in respect of the public service of officers under the Government of Uganda. The first schedule to the Act contains pensions regulations. Regulations 4 to 8 provide for pensions; to whom and at what rates they are granted, increase of existing pensions for citizens, application of variation of pension, the operation of the regulations not to affect pension and for lump sums to be paid to annual allowance earners. Regulations 4 to 8 are a consequence of the Pensions (Amendment of the First Schedule) Regulations, 1995 that introduced new regulations 4A to 4D into the first schedule. The same provisions were renumbered as 4 to 8 following the law revision exercise of 2000. Therefore, regulations 4 to 8 of the First Schedule are a replica of regulations 4A to 4D as inserted by S.1 No. 6 of 1995.
- (2) The Pensions (Amendment of the First Schedule) Regulations, 2018 inserted new regulations 4A and 4B into the first schedule as follows-

"4A. Adjustment of pension.

Pension payable under regulation 4 shall be subject to periodic review to take into account changes in the value for money.

4B. Pension adjustment to be based on inflation.

For purposes of regulation 4A, the pension Authority shall adjust pension based on the annual rate of inflation as declared by the Uganda Bureau of Statistics at the end of the previous financial year". This amendment did not revoke the regulations introduced by S.I No. 6 of 1995. Therefore, the assertion that regulation 5 in the First Schedule to Cap. 286 was abolished is not correct in view of S.I No.33 of 2018. Regulation 5 in the First Schedule to Cap.286 is still part of the Statute Book and is therefore law.

- (3) It is important to note, however, that the essence of statutory instrument No. 33 of 2018 was to provide for indexation of pension based on the annual rate of inflation as opposed to wage growth. Apparently, Article 254 of the Constitution took cognizance of both the salary and the changes in value of money in the payment of pensions. It provides as follows-

"254. Pension

- (1) A public officer shall, on retirement, receive such pension as is commensurate with his or her rank, salary and length of service.
- (2) The pension payable to any person shall be exempt from tax and shall be subject to periodic review to take into account of changes in the value of money." (emphasis is mine).
- (3)"

S.I No 6 of 1995 was published in the Gazette on 10th February 1995 and therefore predates the Constitution which commenced on 8th October 1995. It is therefore, arguable that the S.I No.6 of 1995 formed the basis of the above Constitutional provision in view of regulation 2 which inserted regulation 4A to 4D which are now regulations 5 to 8. Regulation 5 of the First Schedule takes cognizance of the wage growth and thus the computation formula includes "new salary". Regulation 5 provides as follows-

"5. Increase of existing pensions for citizens.

- (1) *Subject to sub regulation (2) of this regulation, from the 1st day of July, 1988, there shall be paid on every pension payable in respect of the Service of the Government to a person who—*
- a. *is a citizen of Uganda; and*
 - b. *is not otherwise disqualified from receiving a pension under any law for the time being in force, an appropriate increase computed in accordance with the following formula*

The Pensions Computation Formula

$$P_n = rpf_n \times sn \times pcn \times In$$

Where— P_n means new pension;

rpf_n means new reduced pension fraction;

sn means new salary

pcn means new pension constant;

In means new length of pensionable service in complete months, permitted under the law under which the grant of pension to a person whose pension is under review is payable in the computation of pensions.

- (2) There shall be no increase in pension where the amount of pension payable before the computation in accordance with the formula set out in sub regulation (1) is greater than the amount which would be payable after the computation; and in any such case, the greater pension shall be deemed to be payable and shall continue to be in conformity with this regulation."

254

- (3) It is my humble opinion that Regulation 5 and Article 245(1) are in tandem and were intended to take into account the salary enhancements. In the same vein, S.I No. 33 of 2018 is in tandem with article 254(2). As such, it is my humble submission that both indexation of pension based on inflation and computation of pension based on the formula provided above are intended to be complementary and not in the alternative. Indeed, Regulation 7 is to the effect that nothing in the Regulations shall operate so as to reduce the amount of pension payable to any person immediately before any variation which may be made under the Regulations. This intention can further be discerned from the Circular Standing Instruction No.4 of 1994 issued by the then Head of Civil Service in regard to the Pensions (Amendment) Statute, 1994 in which he highlighted certain amendments to the Pensions Act to include "provide a formula for automatic recomputation of pensions whenever changes in salary or other factors occur at any time in future to the pensioners' disadvantage. This will resolve the problem of keeping pension levels in line with the cost of living and bring about parity in Pension levels among different generations of Pensioners."

- (4) Further, it is worthwhile to study the case of RTD Justice Alfred Karokora Vs the Attorney General Constitutional Petition No.5 of 2012. In this case, the petitioner had worked in the public service for a total period of 520 months at the time of his retirement at 70 years.

However, the pension authority, at the computation of his pensionable emoluments failed to take into account the total period of the months he had worked but instead took into account 435 months which was the period of retirement at sixty years. This computation was based on section 13(2) (c) of the Pensions Act. The petitioner challenged the constitutionality of the section in view of article 245(1) which provides that "A public officer shall, on retirement, receive such pension as is commensurate with his or her rank, salary and length of service". The Court held thus-

"to us it is clear that to determine how much one should be paid the authority should consider, among others, the length of period that the pensioner has served. That is the command of article 254(1) which is clear and without qualification or restriction..... therefore, we would find that as far as the Pensions Act seeks to put a ceiling on the number of years one can be considered for pension, it contravenes article 254(1) which provides that one shall on retirement, be paid pension with his or her rank, salary and length of service. Commensurate has been defined by Advanced Learners dictionary, page 227 as: "in the right proportion, appropriate" we should observe that pension can only be appropriate if it takes into proper consideration all the factors based on to calculate ones pension without any form of limitation...."

In conclusion therefore, Statutory Instrument No. 33 of 2018 did not revoke regulation 5 and therefore regulation 5 still stands as valid law. As per the letter of the Permanent Secretary Ministry of Public Service, the allegations that the application of Statutory Instrument No. 33 of 2018 has the effect of occasioning loss to pensioners is in the negative but rather all pensioners benefitted from the adjustment in FY 2018/19 as a result of the policy change.

ENFORCEMENT OF PARTICULAR PROVISIONS OF THE PENSIONS ACT

In an earlier letter dated 17th October 2019, Kampala Pensioners Cooperative Society Limited wrote to this Office inquiring whether the Government had repealed the former Pension Regulations S.I No. 6 of 1995.

Later on, the United Pensioners Group in a letter referenced pen1 2022, dated 31st October 2022 dated sought our opinion on whether Regulation 5 of the Pension Regulations S.I No.6 of 1995 was repealed.

The pensions Act Cap 286, provides for the grant and regulation of pensions, gratuities, and other allowances in respect of the public service officers under the Government of Uganda.

The first schedule of the Act contains Pension Regulations. The Pensions Amendment of first schedule Regulations 1995 introduced new Regulations 4A to 4D.

Regulation 4 A of the Pensions Amendment of First Schedule Regulations 2018 further provides that:

"Pension payable under Regulation 4 shall be subject to periodic review to take into account changes in the value for money."

Regulation 4B of the Pension Amendment of First Schedule Regulations 2018 provides that:

"For purposes of regulation 4A, the pension authority shall adjust pension based on the annual rate of inflation as declared by the Uganda National Bureau of statistics at the end of the previous financial year.

The above provisions reinforce regulation 7 of the first schedule as they provide for periodic review based on the annual rate of inflation.

S.I No. 6 of 1995 are the Pension Regulations and their intention was to ensure that the pensioner does not lose out based on inflation and other factors, inserted Regulation 4A to 4D which are now reflected as regulations 5 to 8 in the 2000 revised edition S.I No.6 of 1995 which was published in the gazette on 10th February 1995 predates the Constitution which commenced on 8th October, 1995 and formed the basis of Article 245 of the 1995 Constitution of Uganda which provides:

(1) "A public officer shall on retirement receive such pension as is commensurate with his or her rank, salary and length of service.

(2) The pension payable to any person shall be exempt from tax and shall be subject to periodic review to take into account of changes in the value of money."

Regulation 5 of the Pension Regulations S.No.6 of 2005, in the First schedule which was previously Regulation 4A of S.I No. 6, 1995 of the Pension Regulations takes into consideration the new wage growth and hence the formula which includes "consideration of 'new salary'."

Regulation 5 provides as follows;

"Subject to sub regulation 2 this regulation, from the 1st day of July 1998, there shall be paid to every citizen payable in respect of the service of the Government to a person who

a. is a citizen of Uganda

b. is not otherwise disqualified from receiving a pension under any law for the time being in force, an appropriate increase computed in accordance with the following formula.....

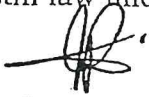

Regulation 5 of the of the Pensions Regulations S.I No. 6 and Article 245 (1) of the 1995 Constitution of Uganda were intended to cater for salary enhancements.

Regulation 7 of the Pension Regulations S.I No.6 further states that nothing in the regulations shall operate as to reduce the amount of pension payable to any person immediately before any variation which may be made under the Regulations.

The purpose of this letter, is to communicate that Regulation 5 in the First schedule to the Act is still in the statute book as it has never been revoked and is still law.

Regulation 7 further emphasizes the commitment to ensure that the pensioner is never disadvantaged at any time as a result of reduction of pension payable before any variation which may be made under the Regulations. In conclusion, the claim made that the Pension Regulations previously 4A (and now) 5 under S.I 6 of 1995 was repealed do not stand as it is still law under the Pensions Act Cap 286.

ENFORCEMENT OF PARTICULAR PROVISIONS OF THE PENSIONS ACT

I refer to your letter dated 28th August, 2023 Ref No. **COM 96/153/01** requesting the Solicitor General to further review the legal opinion issued on the above subject by letter dated 2nd June, 2023 Ref. No. **ADM /7/177/01**.

In the letter from this office dated 2nd June, 2023 Ref. No. **ADM/7/177/01** guided that –

- (a) regulation 5 in the First Schedule to the Act is still on the statute book and it has never been revoked or repealed it is still law under the Pensions Act, Cap 286; and
- (b) regulation 7 in the First Schedule to the Pensions Act further emphasises the commitment to ensure that a pensioner is never disadvantaged at any time as a result of reduction of pension payable before any variation which may be made under the Regulations.

The opinion from this office dated 2nd June, 2023 was responding to a letter dated 31st October, 2022 from United Pensioners Group requesting for guidance on whether regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act is illegal, repealed or not.

Indeed as rightly stated in the letter from this office dated 2nd June, 2023 regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act is still on the Statute book and it has never been revoked or repealed.

Com 96/153/01 v. 1/23

However on further scrutiny of the letter from the Permanent Secretary of the Ministry of Public Service dated 28th August, 2023 Ref. No. CO 96/153/01 and the discussions during the meeting held at the Attorney General's Chambers on the 16th January, 2024 attended by the representatives of Ministry of Public Service and Ministry of Finance, Planning and Economic Development I wish to advice as follows-

1. The indexation principle applicable to pension is provided for under article 254 (2) of the Constitution that provides as follows-

"(2) The pension payable to any person shall be exempt from tax and shall be subject to periodic review to take account of changes in the value of money"

2. Article 254 (2) of the Constitution only provides for the indexation principle that requires the pensions authority to periodically review pension taking into account changes in the value of money. Changes in value of money in Uganda is determined by the inflation rates declared by the Uganda Bureau of Statistics.
3. Accordingly, the First Schedule to the Pensions Act was amended in 2018 by the Pensions Act (Amendment of First Schedule) Instrument, 2018 to provide for regulations 4A and 4B as follows-

"4A. Adjustment of pension

Pension payable under regulation 4 shall be subject to periodic review to take into account changes in the value for money.

4B. Pension adjustment to be based on inflation

For purposes of regulation 4A, the pension authority shall adjust pension based on the annual rate of inflation as declared by the Uganda Bureau of Statistics at the end of the previous financial year.

4. Thus it is our opinion that regulations 4A and 4B of the Pensions Regulations in the First Schedule to the Pensions Act and Article 254 (2) are in tandem and the pensions authority accordingly, be advised to continue implementing regulations 4A and 4B in periodically reviewing pension to take into account changes in the value of money as required by article 254 (2) of the Constitution.
5. It should be noted that regulations 4A and 4B of the Pensions Regulations was informed by the Cabinet directive under Cabinet Minute No. 502 (CT 2017) that authorised the Minister of Public Service to issue a Statutory

Instrument providing for indexation of Pension based on annual rate of inflation as opposed to wage growth.

6. We have further scrutinised regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act which provides that-

"5. Increase of existing pensions for citizens.

(1) Subject to sub regulation (2) of this regulation, from the 1st day of July, 1988, there shall be paid on every pension payable in respect of the Service of the Government to a person who—

(a) is a citizen of Uganda; and

(b) is not otherwise disqualified from receiving a pension under any law for the time being in force, an appropriate increase computed in accordance with the following formula—

The Pensions Computation Formula

$$P_n = r_{pfn} \times s_n \times p_{cn} \times l_n$$

Where—

P_n means new pension;

r_{pfn}- means new reduced pension fraction;

s_n -means new salary

p_{cn} - means new pension constant;

l_n -means new length of pensionable service in complete months,

permitted under the law under which the grant of pension to a person whose pension is under review is payable in the computation of pensions.

(2) There shall be no increase in pension where the amount of pension payable before the computation in accordance with the formula set out in sub regulation (1) is greater than the amount which would be payable after the computation; and in any such case, the greater pension shall be deemed to be payable and shall continue to be in conformity with this regulation."

7. We note that regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act provides for the formulae for adjusting pension based on new salary. Suffice it to note that, new salary may not necessarily represent the changes in the value of money as required by Article 254 (2) of the

Constitution and in some circumstances the new salary is above or lower than the inflation rates.

8. Thus it is our opinion that regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act contravenes Article 254 (2) since its application may not necessarily lead to adjusting pension in accordance with the changes in the value of money as required by article 254 (2) of the Constitution.
9. Accordingly we advise as follows-
 - (a) That with effect from 28th June, 2018 the applicable formulae for adjusting pension is that provided for in regulations 4A and 4B of the Pensions Regulations in the First Schedule to the Pensions Act that is in tandem with Article 254 (2) of the Constitution;
 - (b) That regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act contravenes Article 254 (2) of the Constitution since its application may not necessarily lead to adjusting pension in accordance with the changes in the value of money as required by article 254 (2) of the Constitution; and
 - (c) That the Minister of Public Service seeks for Cabinet approval in accordance with section 3 (2) of the Pensions Act to repeal regulation 5 of the Pensions by Statutory Instrument.

**REQUEST FOR APPROPRIATE INCREMENT OF PENSION OF RETIRED
CHIEF ADMINISTRATIVE OFFICERS/ DIRECTORS, COMMISSIONERS
AND TOWN CLERKS BASED ON NEW SALARIES OF SERVING
OFFICERS FOR FY 2025/2026.**

Reference is made to your letter LGPA 001/25 dated 22nd July 2025 on the above subject matter premised on Regulation 7 of the First Schedule to the Pensions Act, Cap 89, the letter of the Hon. Attorney General Ref ADM 205/01 dated 19th August 2020 and Circular Standing Instruction (CSI) No 4 of 1994, dated 14th April, 1994.

This is to clarify that pension is indexed to inflation (changes in value of money) as provided by Article 254(2) of the Constitution and the Pensions Act (Amendment of the First Schedule) Instrument, 2018. Your attention is also drawn to the letter of the Hon. Attorney General, dated 18th January, 2024 which clarifies some of the issues you raised in relation to the letter dated 19th August, 2020.

Indexation of pension to wage was not part of the amendment of the Pensions (Amendment) Statute, 1994, therefore, CSI No. 4 of 1994 cannot continue to be enforced especially following the Pensions Act (Amendment of the First Schedule) Instrument, 2018. Regarding Regulation 7, I would like to confirm that no pension which has been correctly determined in accordance with Article 254 and the Pensions Act, Cap 89 for retirees on payroll have been reduced by any person.

This Ministry is working with the Ministry of Finance, Planning and Economic Development to implement price (inflationary) indexation for FY 2021/2022, FY 2022/2023, FY 2023/2024 as provided by law.

ENFORCEMENT OF PARTICULAR PROVISIONS OF THE PENSIONS ACT

Reference is made to your letter Ref. KPC/4/17 dated 16th July 2025 through which you appealed to this Office:

1. to advise the Ministry of Public Service to authorize pension increases based on Regulation 5 as well as SI 2018 No. 33 (Inflation Indexation) as, in your view, the existing provisions of the Pensions Act are in tandem with the Constitution, are legal and have not been revoked or repealed;
2. to guide that all pensions payable be based on the percentage of the incumbent officers' salaries in order to address the cost of living and other challenges of old age; and
3. to support the President's effort of making Uganda a money economy and economic empowerment of Ugandans by paying the pensioners as stipulated in the law.

In your letter, you referred to the guidance of this office Ref. 7/177/01 dated 2nd June 2023 that confirmed that Regulation 5 of the First Schedule to the Pensions Act had never been revoked and provided for adjustment of pension based on the salary of the incumbent office bearers as the basis of your request that we guide the Ministry of Public Service to adjust pension based on the current salaries of the incumbent officers' bearers.

ENFORCEMENT OF PARTICULAR PROVISIONS OF THE PENSIONS ACT

I refer to your letter dated 28th August, 2023 Ref No. COM 96/153/01 requesting the Solicitor General to further review the legal opinion issued on the above subject by letter dated 2nd June, 2023 Ref. No. ADM /7/177/01.

In the letter from this office dated 2nd June, 2023 Ref. No. ADM/7/177/01 guided that—

- (a) regulation 5 in the First Schedule to the Act is still on the statute book and it has never been revoked or repealed it is still law under the Pensions Act, Cap 286; and
- (b) regulation 7 in the First Schedule to the Pensions Act further emphasises the commitment to ensure that a pensioner is never disadvantaged at any time as a result of reduction of pension payable before any variation which may be made under the Regulations.

The opinion from this office dated 2nd June, 2023 was responding to a letter dated 31st October, 2022 from United Pensioners Group requesting for guidance on whether regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act is illegal, repealed or not.

Indeed as rightly stated in the letter from this office dated 2nd June, 2023 regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act is still on the Statute book and it has never been revoked or repealed.

Handwritten signatures and initials on the right margin.

However on further scrutiny of the letter from the Permanent Secretary of the Ministry of Public Service dated 28th August, 2023 Ref. No. CO 96/153/01 and the discussions during the meeting held at the Attorney General's Chambers on the 16th January, 2024 attended by the representatives of Ministry of Public Service and Ministry of Finance, Planning and Economic Development I wish to advice as follows-

1. The indexation principle applicable to pension is provided for under article 254 (2) of the Constitution that provides as follows-

"(2) The pension payable to any person shall be exempt from tax and shall be subject to periodic review to take account of changes in the value of money"

2. Article 254 (2) of the Constitution only provides for the indexation principle that requires the pensions authority to periodically review pension taking into account changes in the value of money. Changes in value of money in Uganda is determined by the inflation rates declared by the Uganda Bureau of Statistics.

3. Accordingly, the First Schedule to the Pensions Act was amended in 2018 by the Pensions Act (Amendment of First Schedule) Instrument, 2018 to provide for regulations 4A and 4B as follows-

"4A. Adjustment of pension

Pension payable under regulation 4 shall be subject to periodic review to take into account changes in the value for money.

4B. Pension adjustment to be based on inflation

For purposes of regulation 4A, the pension authority shall adjust pension based on the annual rate of inflation as declared by the Uganda Bureau of Statistics at the end of the previous financial year.

4. Thus it is our opinion that regulations 4A and 4B of the Pensions Regulations in the First Schedule to the Pensions Act and Article 254 (2) are in tandem and the pensions authority accordingly, be advised to continue implementing regulations 4A and 4B in periodically reviewing pension to take into account changes in the value of money as required by article 254 (2) of the Constitution.

- * 5. It should be noted that regulations 4A and 4B of the Pensions Regulations was informed by the Cabinet directive under Cabinet Minute No. 502 (CT 2017) that authorised the Minister of Public Service to issue a Statutory

AK A

Handwritten signatures and initials on the right margin, including a large signature at the bottom right.

Instrument providing for indexation of Pension based on annual rate of inflation as opposed to wage growth. 11/17

6. We have further scrutinised regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act which provides that:

"5. Increase of existing pensions for citizens.

(1) Subject to sub-regulation (2) of this regulation, from the 1st day of July, 1988, there shall be paid on every pension payable in respect of the Service of the Government to a person who—

(a) is a citizen of Uganda; and

(b) is not otherwise disqualified from receiving a pension under any law for the time being in force, an appropriate increase computed in accordance with the following formula—

The Pensions Computation Formula

$$Pn = rpfh \times sn \times pcn \times In$$

Where—

Pn means new pension;

rpfh means new reduced pension fraction;

sn means new salary

pcn means new pension constant;

In means new length of pensionable service in complete months

permitted under the law under which the grant of pension to a person whose pension is under review is payable in the computation of pensions.

(2) There shall be no increase in pension where the amount of pension payable before the computation in accordance with the formula set out in sub-regulation (1) is greater than the amount which would be payable after the computation; and in any such case, the greater pension shall be deemed to be payable and shall continue to be in conformity with this regulation."

7. We note that regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act provides for the formulae for adjusting pension based on new salary. Suffice it to note that, new salary may not necessary represent the changes in the value of money as required by Article 254 (2) of the

AK 

Constitution and in some circumstances the new salary is above or lower than the inflation rates.

8. Thus it is our opinion that regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act contravenes Article 254 (2) since it's application may not necessarily lead to adjusting pension in accordance with the changes in the value of money as required by article 254 (2) of the Constitution.

9. Accordingly we advise as follows-

(a) That with effect from 28th June, 2018 the applicable formulae for adjusting pension is that provided for in regulations 4A and 4B of the Pensions Regulations in the First Schedule to the Pensions Act that is in tandem with Article 254 (2) of the Constitution.

(b) That regulation 5 of the Pensions Regulations in the First Schedule to the Pensions Act contravenes Article 254 (2) of the Constitution since it's application may not necessarily lead to adjusting pension in accordance with the changes in the value of money as required by article 254 (2) of the Constitution. and

(c) That the Minister of Public Service seeks for Cabinet approval in accordance with section 3 (2) of the Pensions Act to repeal regulation 5 of the Pensions by Statutory Instrument.

CIRCULAR STANDING INSTRUCTION NO.4 OF 1994

PENSIONS (AMENDMENT) STATUTE, 1994

The Service is hereby informed that the National Resistance Council recently approved the Pensions Amendment Bill of 1993. The assent to the Pensions (Amendment) Statute No.4 of 1994, was signed by H.E. the President on the 18th March 1994 and appears in the Uganda Gazette No.12 of the 25th March 1994. The Statute does not provide for a review of cases of officers whose retirement preceded that date. Such cases should be handled in accordance with the provisions of the previous Pension Laws which applied up to the 17th March 1994.

2. The Statute makes certain amendments to the Pensions Act of 1964, which experience has shown over the years, to be desirable. In broad terms, the key amendments to the Act:

- i) up-date and consolidate the multiplicity of legislations governing the retirement benefits for the Traditional Civil Service, (Cap.281) the Teaching Service (Cap.118) and the District and Urban Services (Cap.27), and merges them into a uniform Scheme applicable throughout the Service.

ii) provide for automatic recomputation of Pensions whenever changes in salary or other factors occur at any time in future to the Pensioners' disadvantage. This will resolve the problem of keeping Pension level in line with the cost of living and bring about parity in Pension level among different generations of Pensioners.

iii) introduce a very important element of applying Pension rights of a deceased Pensioner to his or her spouse or children up to the age of 18 years for the remaining period up to 15 years.

iv) raise the compulsory retirement age from 55 to 60 years, subject to the normal minimum qualifying service of ten years, effective from the 18th March 1994. In this regard, it must be clarified that only those whose retirement dates fall due after the effective date of the Law, will continue in the Service up to a maximum of 60 years.

3. The Service will appreciate that these amendments are progressive moves and are relevant to the changing circumstances of the Service and for the benefit of Public Officers. The Standing Orders are being amended accordingly.

AFFIDAVIT IN SUPPORT OF THE PETITION

I, OBBO OLOGE GIDEON of C/o Mwesigwa Rukutana & Co Advocates, Plot 960/961 MR Chambers Level 2&3 Najjanankumbi Entebbe Road P.O Box 10087 Kampala, and Kasirye Byaruhanga & Co. Advocates Plot 33, Clement Hill Road off Nile Avenue P.O Box 10946 Kampala, Uganda do solemnly swear and state as follows:

1. I am a male adult Ugandan of sound mind, NIN CM510391097HWH, a retired public officer of the Republic of Uganda and the 1st Petitioner in this matter, well conversant with the facts herein, and I swear this Affidavit in support of this Petition in that capacity. ***Refer to annexure "AO" attached hereto.***

2. I was appointed in 1976 as an Administrative Officer Class II/Assistant Secretary, and at the time of my retirement in 2011, I was serving as Under Secretary in the Ministry of Local Government. **Refer to annexures marked "A" attached hereto.**
3. The Petitioners are all retired public officers who served the Government of Uganda in various capacities, including but not limited to Local Government Administration, Central Government Ministries, and Statutory Bodies.
4. I am aware that on retirement, a public officer is, under the Constitution entitled to a pension that is commensurate with his or her rank, salary, and length of service.
5. I am also aware that the Government of Uganda, through Circular Standing Instruction No. 1 of 2025, effected salary enhancements for certain categories of serving public officers, including Chief Administrative Officers, Directors, Under Secretaries, Commissioners, Senior Police and Prisons Officers, Foreign Service Officers Grade I, and Town Clerks, among others. **Refer to Annexure marked "E" attached hereto.**
6. I am also aware that the effect of the aforementioned salary enhancement raises the pensions of public officers of equivalent rank who retire with effect from 1st July 2025.
7. Despite the salary enhancements introduced under Circular Standing Instruction No. 1 of 2025 for serving officers in ranks previously held by the Petitioners, the pensions of retired officers holding equivalent or similar ranks were not adjusted accordingly.
8. I am aware that several pensioners have made several appeals to the Permanent Secretary of the Ministry of Public Service, requesting

that their pensions be adjusted to reflect the revised salaries. **Refer to Annexures "F," "G," "H," and "I" attached hereto.**

9. I am aware that on 8th August 2025, the Permanent Secretary, Ministry of Public Service, responded to one of the aforementioned letters and in her response, she stated that pension is indexed solely to inflation (reflecting changes in the value of money) as provided under Article 254(2) of the Constitution and the Pensions Act. She further referred the 2nd Petitioner to the legal opinion from the Attorney General dated 18th January 2024. **Refer to Annexure marked "O" attached hereto.**
10. In the said legal opinion, the Attorney General stated that Regulation 5 (now Regulation 7) of the Pensions Regulations appears to contradict Article 254(2) of the Constitution, as its application might not necessarily ensure that pensions reflect the changing value of money.
11. I am aware that the phrase change in value of money, as provided in Article 254(2) of the Constitution, is not limited to inflation, but includes broader economic considerations.
12. My fellow Petitioners and I are greatly aggrieved by the unjustified disparities in pension benefits across different generations of retirees, particularly where officers of similar rank receive significantly higher pensions merely because they retired with enhanced salaries, while our pensions remain low, stagnant and unadjusted.
13. As a result of the stagnant pension and the failure to adjust it in line with current economic realities, I and my fellow affected Pensioners have experienced a significant financial strain. The value of money has changed drastically over the years, such that One Million Uganda Shillings (UGX 1,000,000), which could meet basic monthly expenses in 2017, such as food, utilities, and transport, is now insufficient to cover even half of those costs. In addition, the

exchange rate of the Uganda Shilling against the United States Dollar has changed significantly, from UGX 2,412.5871 at the time of my retirement in 2011 to UGX 3,559.29 currently. This demonstrates that cost of living has increased, yet our pension benefits remain static, eroding our ability to maintain a basic standard of living expected in retirement.

14. In particular, medical bills have become a major burden. As elderly persons, our health challenges such as high blood pressure, cancer and diabetes have naturally increased with age. I know of a fellow retired officer, a Chief Administrative Officer, who tragically lost his wife to cancer about four weeks ago. He had struggled for over six years to meet her medical expenses, and by the time of her death, he was unable to clear the outstanding medical bills. This painful example reflects the harsh reality many retired officers face when their pensions are not adjusted to reflect current economic conditions and the changing value of money.
15. My colleagues and I spent our most productive years faithfully serving the nation and making immense contributions in our respective capacities, often working under various occupational hazards and stressful conditions. Now that we are advanced in age and retired, we are no longer able to engage in active employment and can only depend on our pension for our livelihood.
16. To date, the pensions of my colleagues and I have not been adjusted in line with the revised salaries, and Circular Standing Instruction No. 1 of 2025 and the Pensions Authority maintains that Pensions can only be adjusted according to inflation.
17. I am advised by my aforementioned lawyers, whose advise I verily believe to be true that the omission and/or refusal by the Pensions Authority to conduct periodic reviews of the Petitioners' pensions that take into account all relevant economic realities is unfair,

discriminatory and inconsistent with the rights and freedoms guaranteed under the Constitution of the Republic of Uganda

18. That whatever is stated herein is true and correct to the best of my knowledge and belief, save for the information whose source I have revealed.

19. That I depone this Affidavit in support of the petition to this Honorable Court

Our Ref.: LGPA/001/25

Date: 22nd July 2025

The Permanent Secretary,

Dear Madam,

*Received by

REQUEST FOR APPROPRIATE INCREMENT OF PENSIONS OF RETIRED CHIEF ADMINISTRATIVE OFFICERS/DIRECTORS, COMMISSIONERS AND TOWN CLERKS BASED ON NEW SALARIES OF SERVING OFFICERS FY 2025/2026

On behalf of the retired Chief Administrative Officers/Directors, Commissioners and Town Clerks of Cities and Municipalities (the Local Government Pensioners), I have the honour to express our gratitude to you for your consistent support and guidance to the Public Service, as well as your commitment to improving the welfare of public officers.

The Local Government Pensioners humbly request you to cause a recomputation of their pensions based on the salaries of their colleagues as provided in **Circular Standing Instruction No.1 of 2025** issued by you Ref no.: **COM 006/135/01 VOL 1** dated 30th June 2025. The salary increment for the above categories of officers was from Shs2,369,300/= to Shs12,750,00/= per month with effect from 1st July 2025. The current monthly pension for the Chief Administration Officer is an average of Shs.1,400,000/= (One million four hundred thousand shillings only) per month. Our request is in accordance with **Regulation 7 of the First Schedule to the Pensions Act, Cap 89**.

In his letter ref ADM 205/01 dated 19th August 2020, addressed to the Chairperson Kampala Pensioners Cooperative Limited, the learned Attorney General, expounded the rationale for the automatic increment of pensions in accordance with Regulation 5 of the First Schedule to the Pensions Act, Cap 286 (now Regulation 7 of the First Schedule to the Pensions Act, Cap 89).

The Attorney General referred to the Circular Standing Instruction (CSI) No.4 of 1994 REF: EC 9482 dated 14th April 1994 issued by the then Head of Civil Service Mr. David Martin Orech which explained, among others, the purpose and effect of the said Regulation (see copies of the Attorney General's letter and the CSI attached for ease of reference).

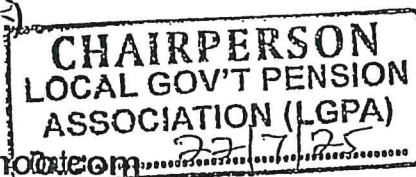

We have equally noted that the Government of the Republic of Uganda has over the years complied with the above laws and Circular Standing Instructions by implementing the fair and equitable policy and practice of automatic recomputation of pensions whenever there were increases in salaries of a given category of serving officers. The most recent examples are the pension increments of the retired Permanent Secretaries, Health Workers and Judicial Officers.

Given the above-mentioned legal provisions and the precedents of automatic recomputation of pensions whenever salary increases occurred, we implore you to extend similar treatment to us, otherwise there would be discrimination contrary to Article 21 of the 1995 Constitution of the Republic of Uganda. According to the attached list from the Ministry of Local Government the total number of the current retired Chief Administrative Officers and Town Clerks is 138 which is a relatively small number compared to the colleagues who are still in service. Moreover, pension is just a fraction of the salary. We therefore believe that the financial implications of the proposed increment in pensions is affordable to government.

We also seek audience with you at your earliest convenience to clarify further the issues herein and benefit from your wise counsel.

Yours respectfully,

IN THE MATTER OF A PETITION BY RETIRED FOREIGN SERVICE OFFICERS ("FSOs" GRADE 1)

[Submitted to the Ministry of Public Service of the Government of the Republic of Uganda in Support of their Quest for a Timely Re-Computation and Payment of Pension Dues in Accordance with the Principles of Fairness and Justice]

This Petition is presented by the Retired Foreign Service Officers ("FSOs" Grade 1), (hereinafter referred to as "Petitioners,") through their umbrella Association of Ugandan Retired Foreign Service Officers ("AURFSO"), duly registered by the Uganda Registration Services Bureau ("URSB") on 18th August, 2023 (Certificate No. 80034297608703) as a Private Company Limited by Guarantee without Share Capital. (See **Annex "A"** for List of Petitioners).

The Petitioners respectfully submit the following pertinent concerns for consideration:

1. Reference to Circular Standing Instruction No. 1 ("CSI No. 1") of 2025:

The Petitioners have reviewed CSI No. 1 of 2025 titled, "Salary Structure for Financial Year 2025/2026", issued by the Ministry of Public Service (Copy of Extract Attached as **Annex "B"**). This document outlines Salary adjustments for some categories of serving Public Officers, including for FSOs Grade 1 under Salary Scale U1SE, which has been set at UGX 12,750,000/= per month with effect from 1st July, 2025.

2. Advisory Opinion by Hon. Attorney General, under Letter to Permanent Secretary, Ministry of Public Service, Ref. ADM 7/177/01, dated 18th January, 2024:

AK 129 [Signatures]

although the Constitution,

The Petitioners are also aware about an Advisory Opinion by the Hon. Attorney General, addressed to the Permanent Secretary, Ministry of Public Service, under letter Ref. ADM 7/177/01, dated 18th January, 2024, regarding this subject matter (See *Annex "C"*).

It is the considered opinion of the Petitioners that the said Advisory Opinion was overtaken by the enactment of the Public Service Pension Fund Act, 2025, in April 2025; and consequential repeal of the Pensions Act – on which it was based; followed by the issuance of CSI No. 1 of 2025, on 30th June 2025.

3. Purpose of Petition:

It is the Petitioners' further considered view that, although the Constitution, 1995, (as amended), makes separate provisions for salaries and pensions, there exists an unbreakable causal nexus between the two. A pension is not an arbitrary figure. As a starting point, it is dependent on the final salary earned by the retiree in the last month of duty in the public service, adjusted for the entire duration of service accomplished. Under the CSI No. 1 of 2025, salaries of all serving public officers, equivalent of FSOs Grade 1, have been enhanced and set at UGX 12,750,000/= (which reflects at least a 1,000% increment from their previous level).

The effect of the new salary increments on the pension receivable, after the 1st July, 2025, by new retiree FSOs Grade 1 and their equivalents is an exponential increase by the same factor of at least 1000%. Meanwhile, the Petitioners' pensions remain at the same much lower level (with 0% increment). This situation is partly attributable to misinterpretation of statutory provisions. This unconscionable disparity, in the view of the Petitioners, is unfair, inequitable and discriminatory. It is neither legally nor morally tenable. It is contrary to the Constitution, 1995, (as amended) and other relevant Laws of the land. In our considered opinion, any adjustment to salaries, such as made in the CSI No. 1 of 2025, ought to trigger a corresponding adjustment of pensions by the same factor, given that both are financed from the Consolidated Fund; and are bound by the same administrative, fiscal and legal frameworks; even if each component is managed under a separate pay-roll.

4. Commendable Practices in the wider Public Sector remunerations:

130

AK

270

Inf 2

Alm

The enhancement of remunerations by Government is welcomed, including the said 1000% salary increment for FSOs Grade 1 and their equivalents, among others. Other commendable enhancements are evident in the: Judiciary, Office of the DPP, UPDF and JLOS sector. The absence of gender-based pay disparity across the board is similarly welcomed. These positive developments are recommended to be applied across the Service -- as a matter of urgency.

5. Pensions Reform and Inclusion Gaps:

While the new Public Service Pension Fund Act, 2025 (PSPF Act, 2025) is welcomed, in principle, its benefits largely exclude current retirees such as the FSOs Grade 1 hereof. Any legislative migration, such as from the repealed Pensions Act, Cap 286, to the new PSPF Act, 2025 ought to make adequate provisions for transitional costs which safeguard, in real time, the interests of the Pensioners, prior to the enactment of the PSPF Act, 2025, who are not covered by the new pension legislation.

6. International Labour Laws, Standards and Human Rights Instruments:

Uganda's commitment to Regional and International Labour and Human Rights Instruments demands equitable treatment of the elderly and retired Public Servants; among others. Selective exclusion and related segregative practices are contradictory to these obligations that were voluntarily assumed and undertaken by Government of Uganda. It is illustrative to note that the mandate of the country's Equal Opportunities Commission (EOC) is on all-fours with this stance of the Petitioners.

7. Socio-Economic Inequality Risks:

The absence of a holistic, harmonised approach to the matter of public sector remunerations reinforces the aforementioned disparities; thus, contradicting Uganda's avowed advance towards an all-inclusive middle-income status that leaves no one behind.

8. Moral and Governance Implications:

Neglecting retired public officers' entitlements, their welfare and social protection needs, is akin to "kicking away the ladder" and negating their considerable, invaluable contribution to the development of the country.

9. Petitioners' Good Will:

The current appeal is made in good faith, in the national interest and with full confidence in the responsible officials' commitment to fairness and justice. The Petitioners refrain from citing herein, the available relevant legal provisions, and reserve the right to seek other available remedies under the Law, if necessary.

10. Prayer for Fairness, Justice and Equity:

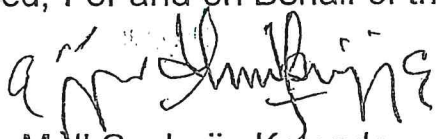

It is kosher, fair, just and equitable for the responsible officials to apply the rationale used in arriving at the new wage scales contained in CSI No. 1 of 2025 to re-compute and pay the resulting pensions to the Petitioners and other eligible public servants. Such accomplishment will align the country with its own Constitution and render it in compliance with its Regional and International Treaty obligations and standards.

Our Ref.: PRD/001/25

The Permanent Secretary,
Ministry of Public Service,
P. O. Box 7003,
Kampala.

Dear Madam,

REQUEST FOR AN APPROPRIATE INCREMENT OF PENSIONS OF RETIRED DIRECTORS, COMMISSIONERS AND UNDER SECRETARIES

We refer to Circular Standing Instruction No.1 of 2025 Ref: COM 006/135/01 Vol 1 dated 30th June 2025 in which Government enhanced the salaries of Directors, Commissioners and Under Secretaries, among others. We wish to applaud the Government for fulfilling its long-standing commitment to adequately remunerating her officers in accordance with their rank and status.

In view of the salary enhancement of the abovementioned officers, the retired Directors, Commissioners and Under Secretaries request you to effect a reasonable, appropriate and commensurate increment in their pension in accordance with the existing legal and policy framework detailed below:

1. Article 254 (1) of the 1995 constitution of the Republic of Uganda provides that a public officer shall on retirement receive such pension as is commensurate with his or her rank, salary and length of service. Regulation 7 of the First Schedule to the Pensions Act, Cap 89 provides a formula for recomputation of pensions whenever there is an increase in the salary of a given category of serving officers. The Government of the Republic of Uganda has for over 30 years (1st July, 1988 – 30th June, 2018) implemented this fair and equitable policy and practice of automatic recomputation of pensions whenever changes in salaries occurred. The most recent examples are the pension increment of the retired Permanent Secretaries, Health Workers and Judicial Officers.

- 101
18 January, 2024 from
letter Ref. ADM
2. In his letter ref ADM 205/01 dated 19th August 2020 the learned Attorney General elucidated the purpose and effect of Article 254 (1) and Regulation 5 (now Regulation 7 of the First Schedule to the Pensions Act, Cap 89) and correctly observed (at para 3 of page 3) that both the constitutional provision and the Regulation "*are in tandem and were intended to take into account the salary enhancements*". The learned Attorney General further referred to the contents of Circular Standing Instruction No.4 of 1994 issued by the then Head of Civil Service which provided the rationale for the automatic recomputation of pensions whenever changes in salary occur being, among others, "*to bring about parity in pension levels among different generations of pensioners*".
 3. Please note that, letter Ref. ADM 7/177/01 dated 18th January, 2024 from the learned Attorney General in addition to the earlier letter Ref. ADM 2025/01 dated 19th August 2020 confirm that Regulation 5 formerly Statutory Instrument No. 6 of 1995 is not revoked or repealed and is still in the Statute Books. It is therefore, illegal and contrary to the Constitutional provisions for the Ministry of Public Service to stop recomputation of pension based on salary increments.
 4. We are fortified by the above constitutional and legal provisions as well as the policy framework that the pursuit of our right to pension increment is just, fair and equitable. It would also be absurd for Government to solve the problem of disparity among salary levels and create another problem of disparities among pensioners who retire at the same rank and salary scale simply because some pensioners happen to be older than others. We were therefore greatly dismayed to learn that the current learned Attorney General recently issued a legal opinion suggesting that Regulation 5 (now Regulation 7) of the First Schedule to the Pensions Act, Cap 89 contravenes Article 254 (2) of the 1995 constitution. We trust that you will not make a decision based on this opinion because that would tantamount to usurping the powers of the Constitutional Court which are provided in Article 137 (1) of the Constitution.

In conclusion, we reiterate our gratitude to Government's commitment to improving the welfare of her citizens and strongly pray that our request to

enhance our pensions is considered favourably in accordance with the Constitution, the statutory provisions as well as the precedents referred to above.

Yours faithfully,

KAMPALA

Dear Madam,

RE: JOINT REQUEST FOR AN APPROPRIATE INCREMENT OF PENSIONS OF
RETIRED UGANDA POLICE AND PRISONS OFFICERS

1.0 INTRODUCTION

The Retired Uganda Police and Prisons Officers Associations, companies limited by guarantee, are the umbrella bodies for all the retired police and prisons officers of Uganda whose objects include promoting and safeguarding the welfare of the retired police officers. It is in this respect that the leadership of these two associations address you on the above subject matter.

pensioners in line with increases applied to the wages or salary of the pensioner's grade at retirement. Examples of pension increments in accordance with this policy include the enhancement of pensions of the retired Permanent Secretaries, Health Workers and Judicial Officers.

2.3 In a well-reasoned opinion contained in his letter ref ADM 205/01 dated 19th August 2020 the learned Attorney General elucidated the purpose and effect of Article 254 (1) as well as the historical context and purpose of Regulation 5 (now Regulation 7 of the First Schedule to the repealed Pensions Act, cap 89) and correctly observed (at para 3 of page 3) that both the Constitutional provision and the Regulation *"are in tandem and were intended to take into account the salary enhancements"*. The learned Attorney General further delved into the legislative history of Regulation 7. He in particular cited Circular Standing Instruction No.4 of 1994 issued by the then Head of Civil Service which provided the rationale for the automatic recomputation of pensions whenever changes in salary occur being, among others, *"to bring about parity in pension levels among different generations of pensioners"*. It should further be noted that the 'pay parity' principle accords very well with Article 21 of the Constitution.

2.4 We were, however, astounded to learn that the current learned Attorney General issued a legal opinion Ref. ADM 7/177/01 dated 18th January 2024 suggesting that Regulation 5 (now Regulation 7) of the First Schedule to the repealed Pensions Act, cap 89 contravenes Article 254 (2) of the 1995 Constitution. We respectfully disagree with the learned Attorney General because the said Regulation confers rights upon pensioners which accord very well with many constitutional provisions which the learned Attorney General chose to ignore. We have also been advised that there is a rebuttable presumption that every legislation is constitutional and the onus of rebutting this presumption rests on the person or persons challenging the constitutionality of such a legislation. Furthermore, under Article 137 (1) of the constitution, the powers of interpreting the constitution are vested in the Constitutional Court. Since the clear position of the law is that Regulation 7 of the First Schedule to the repealed Pensions Act, cap 89 is still in force, we do not see any legal impediment to implementing the 'pay parity' principle

and we entreat you to consider our case in line with the provisions of the same Regulation.

3.0 INTERNATIONAL LAW ON SOCIAL SECURITY

Principle 1 of the **UN Principles for Older Persons (1991)** states that “older persons should have access to adequate food, water, shelter, clothing, and income”. Principle 8 emphasizes that older persons must be afforded the “Ability to live in dignity and security”. The **Madrid International Plan of Action on Ageing (MIPPA) 2002** emphasizes that government must develop and strengthen social protection systems, including pensions, to eradicate poverty among older persons. The above provisions, though not binding, are highly persuasive and imply that the right to pension is equivalent to the right to life because many pensioners are for all or part of their lives, completely dependent on pension for survival.

4.0 MORAL AND ETHICAL GROUNDS FOR ENHANCING PENSION

In addition to the above legal grounds, it is morally and ethically justifiable to enhance pensions in accordance with the ‘pay parity’ principle because it is just, fair and equitable to do so. Further justification of our request is rooted in the concept of intergenerational gratitude which is built on a recognition that the prosperity, opportunities, and institutions of the present day were made possible by the sacrifices and labour of past generations (the current pensioners). It is common knowledge that the retired police and prisons officers in this country worked diligently, under very difficult conditions while earning meagre salaries, to ensure that peace and security prevailed in all parts of Uganda. It is also true that security is a sine qua non for economic development and that during the decades of stability, the country’s economy has grown by leaps and bounds. It would therefore be morally reprehensible for any public officer to ignore the plight of the retired police and prisons officers whose sacrifice and labour contributed to the benefits such officers enjoy today.

Furthermore, it would also be absurd for government to solve the problem of disparity among salary levels and create another problem of disparities

among pensioners who retire at the same rank and salary scale simply because some pensioners happen to be older than others yet they all experience the same social economic circumstances.

In conclusion, we reiterate our gratitude to Government for its commitment to improving the welfare of her citizens and strongly pray that our request to enhance our pensions is considered favourably in accordance with the Constitution, the statutory provisions and Policy currently in force as well as the precedents referred to above.

REQUEST FOR APPROPRIATE INCREMENT OF PENSION OF RETIRED CHIEF ADMINISTRATIVE OFFICERS/ DIRECTORS, COMMISSIONERS AND TOWN CLERKS BASED ON NEW SALARIES OF SERVING OFFICERS FOR FY 2025/2026.

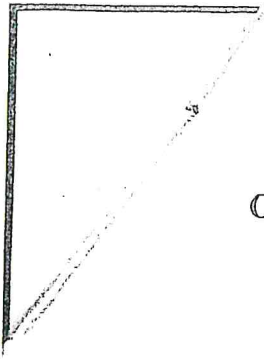

Reference is made to your letter LGPA 001/25 dated 22nd July 2025 on the above subject matter premised on Regulation 7 of the First Schedule to the Pensions Act, Cap 89, the letter of the Hon. Attorney General Ref ADM 205/01 dated 19th August 2020 and Circular Standing Instruction (CSI) No 4 of 1994, dated 14th April, 1994.

This is to clarify that pension is indexed to inflation (changes in value of money) as provided by Article 254(2) of the Constitution and the Pensions Act (Amendment of the First Schedule) Instrument, 2018. Your attention is also drawn to the letter of the Hon. Attorney General, dated 18th January, 2024 which clarifies some of the issues you raised in relation to the letter dated 19th August, 2020.

Indexation of pension to wage was not part of the amendment of the Pensions (Amendment) Statute, 1994, therefore, CSI No. 4 of 1994 cannot continue to be enforced especially following the Pensions Act (Amendment of the First Schedule) Instrument, 2018. Regarding Regulation 7, I would like to confirm that no pension which has been correctly determined in accordance with Article 254 and the Pensions Act, Cap 89 for retirees on payroll have been reduced by any person.

This Ministry is working with the Ministry of Finance, Planning and Economic Development to implement price (inflationary) indexation for FY 2021/2022, FY 2022/2023, FY 2023/2024 as provided by law.
